

PH 5 Mini

The fixture provides 100% glare-free light. Poul Henningsen developed the PH 5 in 1958 as a follow-up to his celebrated three-shade system. The fixture emits both downward and lateral light, thus illuminating itself. In the PH 5 Classic, a warmer tone of light is created by the inside red cone and a small blue reflector.

Project name:

Project type:

Notes:

Finish

Polished Brass or Copper and white, matt powder coated. Classic (white) or Modern White, matt powder coated. Hues of Blue, Hues of Green, Hues of Grey, Hues of Orange, Hues of Red, Hues of Rose, matt wet painted.

Mounting

Suspension type: Cable 2x0,75mm². Canopy: Yes. Cable length: 3m
